KRAB SOLAR GREENHOUSE WORKSHOP/MARATHON

To be held April 24-26, commencing at 9:00 am Friday until late Sunday evening will be a workshop to help frame and glaze the KRAB solar greenhouse. Organized by KRAB and Ecotope, the three 8-hour days will involve participants in basic solar and thermodynamic theory as well as hands-on fabrication of the structure, i.e., framing, glazing, sheathing, insulation, etc.

The 3-day workshop fee is \$75 and will include the lectures, building guidance, a membership to KRAB listener-supported radio, an Ecotope published Solar Greenhouse Guide, refreshments, and a commemorative shirt of the workshop/marathon. Daycare will be arranged off the premises.

A negotiable sliding scale will be available on a case-by-case basis and there is the possibility of group rates.

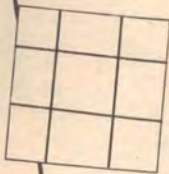

Preregistration is advised and a \$20 deposit is requested to secure an opening, with balance to be paid the morning of the workshop. Basic hand tools are requested, but there will be some sharing available. Please mark all belongings.

Coinciding with the workshop will be the first weekend of a KRAB 10-day fundraising marathon. Monitors and microphones will be set up for a live, roof-top broadcast by the participants, relating building progress and support requests.

Dear Friends,

With this, my first correspondence to you in my capacity as new manager, I hope to begin monthly reports about this difficult-to-define being we know and love as KRAB. There will always be much to discuss. The first topic will be the Marathon.

THE MARATHON: April 24 thru May 3. Yes, a 10 day on-air fund raiser -- (almost) regular programming. We are trying something different, hoping that we can reach most all of the people who normally listen to KRAB at their usual times.

If you have anything of value: books, records, tickets, furniture, tools, cars, planes, or can offer a service of any kind, we sure could use them as premiums during the Marathon. Remember, contributions are tax deductible! Please call the station at 325-5110 and ask for Nashira or Jamie if you have any premiums.

It's more important than ever that KRAB increase the amount of support it receives from its listeners due to the following:

1) We are presently involved in a most exciting project -- converting the scrapheap formerly known as Wilner's Department Store into a radio station. It's extremely expensive -- on the order of \$100,000 -- and with the help of CETA Public Service Employment funds, and a Department of Energy grant to insulate and solar heat the building, we've gotten off to a pretty good start. But there is a lot to do and right now not enough money to do it.

2) Besides the high construction costs, KRAB needs \$2500 a month just to pay for the transmitter and station electric bill, phone bills, mailing costs, printing costs, insurance, equipment repair and the like. This doesn't include the salaries of several people, which brings us to another reason why listener support is more important than ever.

3) We currently have 6 people working in construction, engineering and operations whose positions are funded by CETA. We have another valuable person whose position is possible thru a grant from Corporation for Public Broadcasting. Both of these funding sources are in jeopardy (CETA, perhaps very soon) due to the new crew in Wash., D.C. In the past, KRAB has received federal funds to purchase new equipment and help in general operations. But now, public broadcasting stands to lose a great deal of financial support from D.C. Apparently, the new attitude is that the concept of diverse voices over the air for the public to choose from is not worthy of government support. So, it is most important that KRAB be able to stand firmly on its own two feet, supported by those who think we are worth preserving. This means KRAB is going to have to work even harder at providing a unique and valuable service to the community.

You know, if each of our 1700 members could get just one person to become a member of KRAB, that would go a long way towards securing KRAB's future.

You are welcome any time during regular business hours to stop by the station and see our new home taking shape. When completed, it will be one of the finest community radio station facilities in the country.

And don't forget the Marathon. If you are already a member, get a friend to become one too. If you are not, we hope you will consider us worthy of your support.

ΑΕΡΟΠΟΙΚΕ
BY AIR MAIL - PAR AVION

"...happy to see that the same zany things (and a few new ones) persist while I am away - wishing I could tune into you here. (The only pleasure afforded by radio in this part of the world is trying to guess the language of we-morning hour broadcasts caught at random from Syria, Albania, and even Grand Rapids, Mich. via BBC). Oh, for the International News, Earth and Early Music and round-the-clock unpredictability...."

- Susan Auerbach

"Thanks for your weekend celebration of Women's Day. Great idea - I really enjoyed it."

- Chris Oswell

...and from the Seattle area:

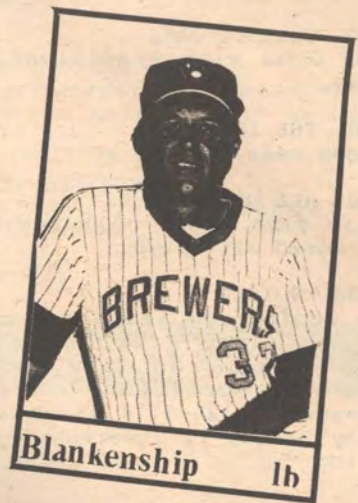

"I was sick the night of March 7th, Saturday - how wonderful it was to wake up and not feel physically miserable and alone, but just turn on the radio and know I'd hear women's voices, women's words, women's experiences...I listened to science fiction by women -- I got a sense of our expansiveness, in other worlds and in this one. I feel a connection with feminists in Norway and Japan, with Native American women, with women in the military, women in prison and with the mothers who called in to tell their birthing experiences. It made me think of making special room on my calendar for this day - a time to appreciate the women in my life, an occasion to let them know how I care for them...you have made real a vision.. Thank you all!"
